*A study of the major historical and theological figures of the Reformation, including Hus, Luther, Zwingli, Calvin, Ignatius Loyola, Thomas Cranmer, John Knox, and an overview of the Tudor dynasty's relationship to the Church. We will study their stories as people and their place in history, but also we will dig into their theologies and see how these ideas still undergird the denominations around us today.*

**What equipment do I need to have?** You will need a computer with a web camera, headset and high-speed internet connection. The MegaMeeting video-conferencing program is internet-based so no special software is needed by participants.

**What will the classroom be like?** Your "classroom" can be anywhere you have access to the internet! You'll be able to see and speak with your instructor as well as all your fellow students on your computer screen. Your instructor may be in touch with you via e-mail between classes and you can turn in any home-work by e-mail as well. If you do not have access to a computer in your home, church or local library, contact us and we'll try to help you find a suitable location near you.
